# AS TIME GOES

**C**oming together again for another year. Classes come and go, but it is always at such a fast rate. For most students it seems like yesterday when they were just Freshmen. Where does all the time go? We may not realize all the things accomplished in four years of high school, but someday we can all look back and somehow make all of our memories come to life. We see where the time went and wish there could have been more of it. Remembering all the time spent studying, going to parties, supporting athletic teams, and just spending time with friends, reminds us of what we did with

those precious hours, minutes and seconds. As we grow older time seems to speed up, without ever giving us any notice. Soon it's time to start something new, whatever it may be after high school, and put what we've already achieved, in a memory, in the back of our minds. So one day, take time out and relax, look for the good times and maybe a little of the bad and see if the time you used was worthwhile. I'm sure you'll find out you couldn't have done a better job using it. And remember Hammond High will always be there.

# Spring

Love is in the air, flowers are blooming, and new leaves are budding from the trees. Spring Time has finally arrived.

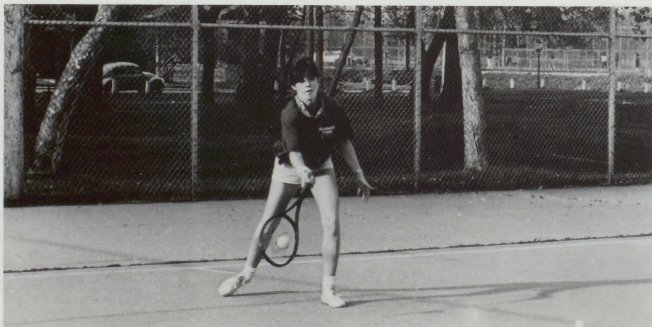

Hammond High welcomes Spring in a variety of ways. Tryouts for athletic teams begin and then the athletes move on to major conditioning and preparing for the up-coming competitions. Clubs and organizations start recruiting and planning for the new Spring

events.

The Spring sports include baseball, softball, soccer, golf, boys and girls track and girls tennis.

The biggest organizational event that begins with the break of Spring is B.I.O.N.I.C.'s, which everyone waits for enthusiastically. The turnout for this event was very impressive. Around the middle of Spring comes the event which both the

teachers and students wait for frantically. This event is Spring Break which everyone fully deserves. Some of the faculty and students escape their normal environment by going away while others have a good time celebrating at home. No matter where their vacations are spent, everyone relaxes and enjoys their time off.

Keeping her eye on the ball, Cara Ostrovsky shows her winning form.

# *They danced the night away.*

**P**rom officially began on a warm breezy evening in late May, but the prom spirit began many weeks before. One hundred and twenty young men (or in some cases women) had to get up enough nerve to ask someone to accompany them. Tuxes had to be rented, and dresses had to be bought. The decision to take a car or limo had to be made. Flowers had to be purchased, and then of course, prom plans had to be thought out.

When all this was taken care of, the couples arrived at Wicker Park Pavillion for a night of picture taking, dining, and dancing. The band Raven was accompanied by a D.J. One of the highlights of the evening was when Vanessa Swanson

sang, "Missing You" with the band.

As Ms. Draskovitch began to announce the 1985 Prom Court, the room suddenly became silent with a hopeful hush. The second runner-up was Lamber-to Cortez and Norma Enriquez. The first runner-up was a surprised Brian Brokaw, and Linda Nejak. And the 1985 Prom King and Queen were Tyrone Leggitt and Gwendolyne Dennis.

For the next couple of hours the room was alive with fun, dancing and the traditional garter dance.

The mood began to grow softer as promgoers realized it would soon be over. Couples slowly swayed to the theme song, "On The Wings of Love." May 31st, 1985 was surely a night to remember.

Taking pictures outside was a popular occurrence this year at prom as Julie Kosola and Annie Barney pose.

Looking forward to an exciting evening, Darrell Richardson and Dawn Steel enter Wicker Park Pavillion.

Promgoers Tom Dorton and date Vicki Buth pause from prom festivities to chat with Ms. Ennis.

Eager to start "jamming" Buddy Goetsh, Benny Stanley and their dates walk towards the dance floor.

# Believe It Or Not I Care

**W**hat was BIONIC's? BIONIC's was a six week program sponsored by S.L.I.P. Its goal was to improve the school and to get the students involved, spirited and academically improved. It stands for "Believe It Or Not I Care!"

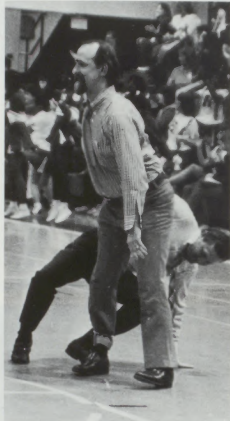

It all started on April 15, 1986 with a pep assembly. The pep assembly was to explain BIONIC's and to get the students interested and ready to participate. During the pep assembly there were different games, including a three-legged race. Each class entered a team of two. Mr. "G" and Mr. Urick's team and Miss Ennis and Mrs. Urick's team also participated. The class of '86 won the race.

During the six weeks there were different challenges. Winners of the challenges were given points. The class with the most points won. One of these

challenges was to stay out of the Detention Center. Classes received points for the least number of people in detention.

The first BIONIC activity was volleyball. The class of '87 girls became the champions when they beat the class of '88. The class of '87 boys also defeated the seniors to win the boys tournament. In the co-ed game, the class of "86" beat the class of "88." Then there were Raft Races, which was one of the more exciting events. The class of "85" defeated the class of "87" by a hair. Class of "86" came in third and the class of "88" finished last. There also was "Stump Your Brain" day. Someone read a question and then whoever knew it ran to find a S.L.I.P. member. The first to answer correctly got the points. At the end, the Class of

Mr. "G" and Mr. Urick show us their impressions of break-dancing at the BIONIC's Pep Assembly.

Cont. pg. 9

Starting BIONIC's off right, the teams of Mrs. Urick and Ms. Ennis; Vingie Ford and Shannon Morris; and Alvin Stately and Kathleen Maddox show their spirit by participating in the three-legged race.

Marlisa Dancho and Erin Beck bop it up at the BIONIC's Sock Hop.

Barbara March and the Class of '86 girls plan the strategy to beat the freshmen.

Winner of the talent show Diana Ross, alias Vanessa Swanson, performs to "Missing You."

'87 had the most points, answering a total of five questions, the class of '85" answered two and the class of '86 answered one.

During the second and third weeks there were dress up days. Hawaiian Day was very popular. Fifties Day was followed by a sock hop.

Another activity was Family Feud. The Argus team (Anna Urick, Mr. Ruf, Mr. "G," Mr. Urick and Mr. Sizemore) emerged as the winning team by defeating the Honeymooners in the final round.

The BIONIC staff and the choir organized a very successful talent show. Vanessa Swanson won first place for her performance of "Missing You."

Other BIONIC activities included boys and girls basketball. The class of '85 boys basketball team won in the final round. The class of '86 girls b-team dominated the floor during the

Cont. pg. 10

final round against the class of '88. The final score was 86 to 75.

The class of '86 also won the overall BIONIC Olympiad by having the highest Grade Point Average and having the least number of students in detention. They were to have a day off but their G.P.A. wasn't up to standards. Instead, they got to watch a movie entitled "It's Alive."

A BIONIC Banquet was organized to award those students who participated and improved their grades during the Olympiad. Eighty medallions were given to worthy H.H.S. students. The class of '86 juniors were awarded their trophy at the dinner.

The overall BIONIC Olympiad proved to be successful. The S.L.I.P. leaders learned a lot from organizing the program. They will remember what needs to be improved and will try to make the future BIONIC's even more successful!

Jenny Wozniak puts her full effort into serving the ball in the net.

As Shelly Weems strives for the jump shot, Portia Fultz attempts the block during BIONIC's basketball.

Participants of the Raft Races desperately swim to the end for a victory.

## They're kicking around

Showing Washington a thing or two was no problem for Tim Cummins.

The 1984-85 soccer team has moved Hammond High up. Coach Carroll was very pleased with the performance of the team and the outcome of the season. The year was one of the best to date. The team worked together with each other and Coach Carroll to get a final of eight wins and seven losses.

Martin Vela was named the most valuable player which was well deserved after four years of team devotion.

# Flying to new heights

**T**he boys' track team finished in third place or higher in nine of sixteen of their meets. (Two first place finishes, four second places, and three third place finishes.)

The hard work of the team throughout the season earned each of the twenty-one team members a letter.

The highlight of the season came as the Wildcats placed second in the Indiana Lake Shore Conference. Martin Schiele, Richard Doss, Bennie Stanley and Andrew Cunningham teamed up to win the conference championship in the 1600 Meter Relay. Bob Garcia also became the conference champion in the discus.

The boys' track team finished their season with a fourth place finish in sectionals.

With only two returning seniors, Jackie Edmon and Vanessa Swanson on the girls' track team, the Wildcats finished their season with a three and nine record. Of the twenty-eight girls who tried out for the team only fourteen finished the season.

The team finished a respectful third in the Indiana Lake Shore Conference. Donya Coles led the team to a third place finish in the Calumet IHSAA Sectionals with her fifteen feet nine inch long jump.

Despite the size of the team, the girls worked hard with what they had and finished the season strong.

# Golf team is up to par

Last Spring, thanks to the efforts of Coach Jack Schlesinger, the Hammond High School golf team got together for the first time in four years. Coach Schlesinger is a former HHS student, and a member of the 1976 golf team. As a result, he has a very good way of working with young golfers. After two months of practice, the team was ready. Armed with self-confidence and a lot of pride, the team went on to have an almost undefeated season (That is they only defeated one team.) In spite of that fact, the team thought those were the best three months of the year. Looking out for next year, they have three returning Varsity players that are very determined, and with the coaching of Mr. Schlesinger, things are looking very good.

The girl's tennis team started off with 20 girls in the beginning of the season and finished off with 14 girls. There were four returning players from last years' team and two of them were seniors, Diane Ginther and Lila March.

The varsity team consisted of: No. one singles, Diane Ginther; no. two singles, Barbara March; no. three singles Tracy Price; first doubles, Lila March and Cara Ovstrovsky; and second doubles, Nora Cardenas and Nancy Pena.

Diane Ginther and Barbara March both came in second place in the Lake Shore Conference while the whole team came in second. The team reached the semi-finals in sectionals. Diane Ginther and Barbara March both won the Griffith Invitational and the team came in second.

# High hopes were halted

The 1985 baseball team had their share of ups and downs. Even though their record was 10 and 16 with two ties, it was pretty good for first year coaches. After the retirement of Mr. Strater, Mr. Buckley took over the varsity team and Mr. Malis was his assistant.

The Wildcats beat the Indiana Lake Shore Conference rivals, Morton, Gavit, Whiting, Clark, and Roosevelt, and tied Bishop Noll for the conference championship.

Team captain Tom Dorton earned conference infielder and M.V.P. He ended his outstanding senior year by hitting two back to back homers. Regardless of Tom's and fellow teammates efforts, they lost to Clark and were eliminated from the state play-offs.

The Junior Varsity had a record of 4 wins and 3 losses. Considering the young players and new coach, they were very successful.

# Lady Wildcats Strike out again

The 1985 Lady Wildcats softball team will have to try again next year for a winning season. The Lady Wildcats started remarkably well, then fell into a slump near the end of the season. Although their record may not show it, much improvement has been made such as, batting and fielding averages have increased and the teams attitude has improved. Even though the team has few wins the Lady Wildcats were pleased because they defeated some of the top teams in their conference. The 1985 season also brought about the first I.H.S.A.A. Softball Sectionals, which Hammond High hosted. The team captain for the 1985 season was D. Ball and M.V.P. was Bonnie Kizman.

Relieved the inning is over the pitcher Sue Sanders converses with her catcher Christine Gramhofer.

# If you believe you can achieve

**O**n May 15, 1985 current National Honor Society Members; Mrs. Anna Urick, the Honor Society sponsor; and families and friends gathered to watch the induction of the new Honor Society Members.

To be a member of the National Honor Society you must be a junior or senior with a grade point average of 4.0 or better. This does not automatically make you a member. Selection is made by the faculty and is based on not only scholarship, but leadership, character, and service.

Most people believe that to be a member of the society you must be a "bookworm." This is not true. Many members are active participants in sports, and are members of various clubs and groups.

Looking anxious, the new Honor Society members wait to sign the registration.

While Annette Marzocchi signs the registration, Clarissa Barkey and Dale Alexander watch to see how it is done.

National Honor Society President, Portia Fultz is being inducted by Jimmy Jones.

# *Do not only act but also dream*

**O**n May 30, 1985, the soon to be graduating seniors gathered in the gym to receive awards in academics, athletics and personal goals.

Before the National Honor Society members were recognized the Concert Choir sang "Choose Something Like a Star" and "I Still Believe in Me."

After the choir finished singing Ms. Ennis presented special awards to members of the class. Among the awards given were the Bausch and Lomb Science Award to Tim Ventimiglia, the

Danforth "I Dare You" Award to Joan Ann Grabill and Daniel Rota, and the DAR Good Citizen Award to Diane Ginther. Recipients of departmental and athletic awards were also announced.

The TEMULAC was presented by the President of the Class of 1985, Sonia Dejesus, to the junior class President, Jim Nondorf.

The program concluded as the Concert Band played and the seniors reflected on their many accomplishments.

After receiving an award Miss Ennis congratulates Tim Ventimiglia with a handshake and a smile.

Looking away to find the next recipient, Mr. Monberg hands Bob Garcia his award.

# Breaking the twelve year habit

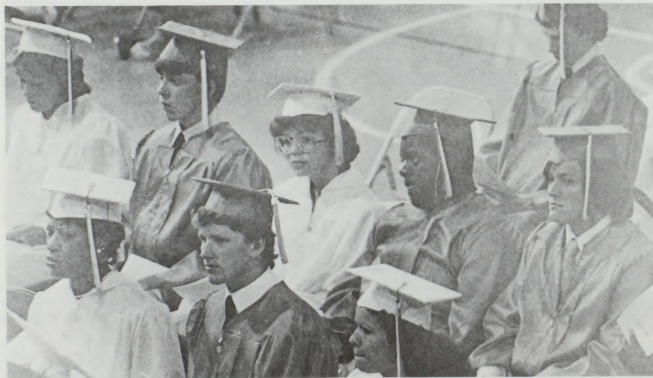

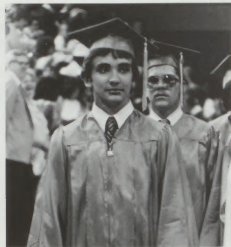

The Class of 1985 woke up early Sunday, June 9th, and was excited to see what was in store for them. This was their final day to be an active member of H.H.S.

Everyone gathered in the gym to see the 99th graduating class end their high school careers and move on to bigger and better things. There were a few speakers and Miss Ennis wished the class good luck and bid them farewell. She also reminded them that they would always be true Wildcats. The salutatorian, Diane Ginther,

gave a speech about her dream of a promised land. She talked about how nice it would be if everyone was at peace with each other. Tim Ventimiglia, Valedictorian, gave a speech about politics and succeeding in life. The band played "Looks like we made it," and Vanessa Swanson sang, "Love Lift us up Where we Belong."

The class of 1985 received their diplomas and everyone went outside and took pictures so they could always remember this wonderful day.

Waiting to be seated, Tim Ventimiglia was scared stiff.

The heat was on while the class of 1985 marched down the aisle.

# Summer

**S**ummer is a time of contrast, lazy days and busy days. The lazy days of summer are when there is no school, when you can sleep as late as you want and when you are as free as a wildcat. There are so many activities to do during the Summer. Many students from Hammond High spend their time at

the beach. There are always neighborhood pools and other fun ways to keep cool.

The Summer isn't just for being lazy. Many students are also very busy. Some have parttime jobs and others attend Summer camps. Some of these Summer camps include athletic camps, debate camps, Boys' and Girls'

State, band camps and journalism workshops.

As the Summer nears, many students gear up for school. Many school sports start to practice and have fund-raisers. Many organizations start to recruit new people and begin plans for the upcoming school year.

# Are you ready for the summer?

**S**ummer, what a great time of year, no school, no teachers and best of all no homework. Students have fun in the summer. They get summer jobs, go on vacations to strange and exotic places and to the beach.

Some students go to summer camps to learn and have fun. Summer camps are for everyone, not just the people who are smart. But, there are the camps for learning. You can go to Indiana State University for the summer Honors Program. There are also the camps for the athletic type of person.

So get out there and get involved over the summer. Go to these summer camps, and have the time of your life.

# FALL

**S**chool began on a bright sunny morning in early September. Remember how you dreaded waking up that morning? I'm sure we all do, but this year there was a big change. After many years of minimal clubs and organizations, Hammond High sported many new

clubs and opportunities for school to be more enjoyable. For example, the bowling club, Wildcat readers, chess club, and a service club are just a few.

The arrival of Homecoming brought about a lot of school spirit. This was shown through the many students that participated in the original dress-up

days, along with the Homecoming activities such as the hayride, raft races, and parade.

Sports also played a major part in school this Fall. Football, volleyball, cross country, and tennis all having successful seasons. This year everyone seemed to fall into action.

# Freshmen love to win

**A**wesome, just awesome, is an underrated term to describe Hammond High's Freshman Football Team. For the first time in ten years, the Frosh team, superbly coached by Jim Brown and Bob Sojka, won the Lake Shore Conference Championship. The team's 6-0 conference record was keyed by a diversified offense which averaged thirty-seven points a game, while the tenacious defense yielded an average of only four points per game.

The championship was secured by a 14-8 come from behind victory, over previously undefeated Morton.

This year the following individual statistics were among the highest in Hammond High's history. The stats on offense included: Pat Long who threw for 15 TD passes; Jessie Cobb, Omar Martin, and Terril Burks ran for a combined total of over 1500 yards rushing; Rodney Dennis, Mike Rosenband and Terril Burks received a combined total of over 40 receptions. The stats on defense included the sack category which was led by Rueben Deluna with five; Mike Allen led the team in interceptions with five; and Rudy Diaz led the team in tackles.

After receiving the ball, Quarterback Pat Long moves back to throw a pass.

**T**he Wildcat football team started working out one week after school was dismissed. While the rest of the student body was on vacation or at home sleeping the football team was hard at work in the weight room.

After the weight program was over, the team worked for two long weeks during the hottest month of the year, August. The first day of practice the team went over plays and did a lot of conditioning. Going over the plays was not hard it was the conditioning that killed them.

The team worked and worked very hard for those two long weeks. They ran hard, threw and caught passes and in general they worked harder than you can imagine. All of that work paid off with a season opening victory over John Glenn High School.

# Wildcats do it best

**W**hat a season! The Varsity Wildcats managed to pull off a record of 7-3 despite a team plagued with ineligibilities and injuries. With the 5th leading rusher in the state (C. Williams) and three other I.L.S.C. players (J. Nondorf, R. Doss and J. Armstrong) playing on our side the Wildcats managed to pull off major upsets including the notorious St. Joe. The combination of quarterback E. Smith and C. Williams dominating 4th quarters they were able to turn many should be losses to wins. Weather was a constant barrier but our tough defensive line had no trouble knocking down the opposition. The Wildcats had 3 major setbacks this year. Morton, Noll, and Munster being shut out in each game. Against the media predictions, Griffith was stunned by the Wildcats comeback victory (26-23) proving to the media Hammond High should never be underestimated.

# Unleashing the spirit

Senior Reggie Washington reveals what "In the Pink" exactly means.

Informing all observers of the Homecoming Parade, Eric Summers and Marlisha Dancho expose their purple and white.

**H**omecoming 1985 kicked off "sizzlin'" this year, all week class competition was tough due to exhilarating spirit contributed by each class.

Monday hit with a tropical heat wave as students stripped down to their bermudas and exotic fluorescent shorts for the raft races on Hawaiian Day. This year, M.O.R.E. students participated with the sophomores winning the overall victory.

It was double trouble at HHS on Tuesday. Students paired up to dress alike on Twin Day. Twins were dressed from bizarre stuffed garbage bags to regular teenyboppers.

Wednesday struck all of us by surprise. Not so much girls wearing jerseys and hats, but boys wearing make-up, dresses, high heeled shoes, purses, and some football players going to the extreme of wearing nylons. By six o'clock everyone was dressed normally again and on their way to the hayride to find themselves stuffed with hay, trying to spit out the words to "Shout."

The fads changed on Thursday when Punk and Toga Day took off. Not only were sheets worn, but colored hair and wild make-up also appeared.

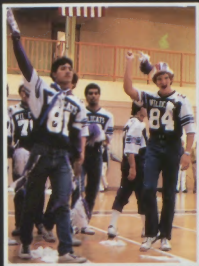

Finally Friday, it was here. Students went crazy wearing their class colors, green, yellow, red, and the traditional purple. We all awaited the Pep-Assembly.

The seniors won all the class competition, such as spirit, enthusiasm, and most colorful. The freshmen took second, proving to all upperclassmen they were truly proud of our school.

Afterwards, the Wildcats prepared to sizzle the Senators!

# Wildcats kick grass

**R**ain falling and low temperatures couldn't keep the Wildcat fans away from the 1985 homecoming game against ECW. The stadium was abundant with the young and the old, all dressed in their purple and white cheering on the football team.

Mr. Football, Corey Williams, ignited the team with 3 touchdowns and 391 yards rushing. Ed Smith helped with a touchdown pass to James Gram and a touchdown of his own. Reggie Washington and Jim Nondorf also scored touchdowns, while Eric Summers kicked 5 extra points to lead the Wildcats to a 41-6 homecoming victory.

# The parade must go on

**H**omecoming day is supposed to be a day with nice temperatures in the 70's, sunny, not a cloud in the sky and a smile on everyone's face. But no, Mother Nature decided for the temperature to be in the upper 50's, no sun and a lot of clouds in the sky, but people still had smiles on their faces.

At 3:00 p.m. the sun decided to shine, then all of a sudden, black storm clouds started rolling over the sky. One could see lightning bolts in the sky and hear a sigh from the float decorators in the parking lot.

At 3:05 p.m., the rain started to come down hard. Ms. Ennis decided to cancel the parade. But the Class of '86 wanted the parade; it would be their last homecoming and they wanted to enjoy it. The parade went on! The seniors won for best float,

second place went to the sophomores and third place went to the freshmen. The junior class didn't enter the parade.

The night was cold for the homecoming court out on the field. Tumara Campbell, who wasn't able to attend because she was ill, won the freshman princess title. Cheerleader, Jenny Wozniak, became sophomore princess. Herald staff member, Lourdes Castellanos won for junior princess. The Homecoming Queen was Donya Coles, who is also active in school sports and has been a cheerleader for four years. The first runner-up was Vicki Buth, who is active in many school activities. The second runner-up was Diane Williams.

The Class of '88 (b.k.a. the sophomores) join the parade with great enthusiasm.

The seniors, on their way to first place in the float competition, show who is #1.

# We've got that spirit!

**T**he Cheerleaders aren't just a group of girls that hop around in front of you, they're a second family. Of course they don't realize this until camp is over. (Getting wet cotton balls slapped in your face, pizza parties, cheese- whip smeared on your neck is a good example of their behavior.) Camp isn't good times though, hard work is involved every minute, this sometimes means practicing all night.

After camp, the work begins, locker room decorated, signs painted, pep-assemblies planned, and spirits boosted. Cheerleaders put a lot of time into raising the spirits of the Wildcats at HHS.

All this effort is organized by one special lady, Ms. Warner. She has improved the squad 101%. We all love you very much Ms. Warner! From your Boogar Bears!

# '86 does it again

**W**e came, we saw, we conquered. Yes, again the class of 1986 has seized the opportunity to rise to the top. But no, this was not the Homecoming Spirit Competition, nor the Homecoming Float Competition or any of the many other competitions that the seniors have surpassed the other classes in, this was the 1986 Yearbook Competition.

The rules of this competition were simple, the class who bought the most yearbooks wins a color page in the yearbook.

After several weeks of hard work and advertising campaigns, the ordering slips were counted and the seniors again tasted the sweet flavour of victory.

# Our Town arrives

**T**he Drama Club opened up their second successful season under the direction of Mr. Jack Schlesinger with their version of "Our Town." No, this was not a documentary about Hammond, it is a play written by Thornton Wilder that portrays the lives of townspeople living in Groves Corners, New Hampshire at the turn of the century.

Many people think that putting on a play is easy work, but loyal cast members know that in reality it takes many long hours of concentrated rehearsals to get the show to run just right.

"Our Town" held three performance dates in mid-December. The attendance was rather small on the first night; however, as word of the play grew so did the audience; all in all, "Our Town" was seen by a couple hundred very satisfied playgoers.

"Never let your wife know how much money you have!" says Father Webb (Tony Harris) to George Gibbs (Brian Dichter.)

# Kats change routine

**T**his year did not follow the regular routine of a pom kat squad. The irregularity began this summer when the pom kats did not attend an official summer camp. Instead, the pom kats held their own camp at the home of Lisa Salyer. This pom kat camp lasted from 9 a.m. to 5 p.m. for three consecutive days. The squad was divided into three different groups and each group was required to create its own routine. Two of these routines, "Oh, Sheila" and "Rhythm of the Night," were performed during the football season.

Eighteen pom kats, thirteen

regulars and three alternates, made up the football season squad. Seven of the eighteen were seniors and had jobs which interfered with practice. Mrs. Edgerton, the sponsor, decided the squad needed more alternates. So, in October, the pom kats held a second set of tryouts. This time they selected six new alternates — Owana Fletcher, Beverly Reese, Trisha Winebrenner, Suzanne Martinez, Lisa Hardin, and Takeya Lewis. These new alternates performed during basketball season and will have to try out again next year.

During homecoming halftime, Maricela Miramontes, Wendy Polos and Erin Beck boogie to "Oh, Sheila."

# Wild HHS students!

Changing classes — the pushing and shoving on the stairways.

**T**hese pages just bring back some memories of a student's usual day at Hammond High. We'll all remember the crowded stairwells, and overpacked Burger King, we'll reminisce about some of those boring and meaningless second hour assemblies. It seems like just yesterday we were cheering our Wildcats to one of their many victories.

Our various memories of times at Hammond High will never be forgotten, we will cherish them forever.

**T**he Lady Wildcats started out fresh this year with a winning outlook and a new coach. The Wildcats record was 10-9, breaking five hundred. Their victories included conference favorite Bishop Noll and previous sectional winner Morton. For never coaching before at Hammond High, Ms. Meier proved herself more than capable and became a definite asset to the team. The Wildcats drew Bishop Noll for sectional play but were defeated in three exhausting games.

The J.V. team did not have such a successful season. With the record of 7-10, the J.V. put all they could in the games but had trouble pulling off a victory. They too, were defeated by Bishop Noll in the J.V. Tournament.

# Serving up a winner

**T**he boys' tennis team's season usually comes and goes without much notice. But this year a renewed interest suddenly sparked in the sport and a new facet emerged at their matches — FANS. This renewed interest is probably due to their rather successful season and a number of young impressive players to watch.

This year's team was coached by three year veteran Richard Kitchell. Beginning in Mid-August, Coach Kitchell was there everyday to lead the young men in practice drills and matches.

"The fact that we practiced everyday helped us to work together as a team," said team member Tom Young.

The team can sport an almost undefeated record in conference, and consequently came in second place in conference.

At first singles, freshman Matthew March can boast of a second place in conference along with team members Senior, Frank Razmus at second singles and Senior Phillip Kitchell at third.

A high point in the season came when the Wildcats beat Lake Central in sectionals after losing to them in the regular season.

Harry Johnson leads the pack, while Jerry Stanek prepares to make his move.

**T**his year, after a somewhat disappointing season last year of 2-7, the Wildcat Cross Country team was determined to establish a strong team unity and improve their standing in the conference.

The chance of building a dynasty at Hammond High came in the form of seven outstanding freshman runners, who along with last year's returning runners will make this dream come true.

Brad Slyconish, the conference champion led the freshman team to first place in the freshman tournament. Jerry Stanek, Harry Johnson, and Ray Cross were leading the team to a fabulous year. Then late in the year tragedy struck, Cross and Johnson suffered serious injuries unabling them to finish the season, accounting for the poor fifth place showing in the conference tournament.

Next year with a matured and healthy team and the superb coaching of Mr. Jackson a conference championship should be ours.

# The assistance crew

**W**hen a new day begins, work also begins to pile up for teachers, secretaries, and counselors. Who will save them? The faculty assistance crew consisting of teachers' aides, office aides, and counselor aides are sure to be the ones. These students are people who are willing to take time out and help others who help them.

A few of the many things done by these people are grading papers, running errands, and checking attendance. As any teacher, secretary, or counselor would say, "They are a great help and save me a lot of time."

# Sophomores

Sophomores class officers:  
Charlotte Hutton,  
Treasurer; Tracy Franks,  
Secretary; Nicole Walker,  
Vice President; Alonzo  
Weems, President.

**S**ophomores are the most in between class. They have gone from teased and tormented freshmen to practically forgotten sophomores.

Sophomores have shown enthusiasm and interest in the different activities planned by their class sponsors. Before Christmas the sophomores sold stationery to raise money. Those 70 students who helped sell the

stationery said that it was the easiest \$1700 they had ever made. Mr. Hayden and Mrs. Jones, the sophomore sponsors, are starting to motivate the sophomores into prom planning. They are arranging a date and place for prom to be held.

The sophomores are enjoying this year but they are all ready looking forward to the year they become seniors.

# Juniors

Junior class officers: Laura Fladeland, Vice President; Cara Ostrovsky, Treasurer; **Not pictured:** Alfred Weems, President; April Norwood, Secretary.

**J**uniors are busy with thoughts of next year but this year keeps getting in the way. Juniors are developing definite career ideas and making decisions about what classes to take next year and trying to decide what colleges and programs they will need to find out about for after graduation.

During homecoming the junior class sold helium balloons in class colors. Since homecoming, prom plans have been #1

on juniors lists. Prom has been the topic of junior class meetings. Juniors are doing everything to make this prom memorable for all involved. The junior class is headed by Alfred Weems. This may be the reason for such an unusual amount of organization and unity in getting plans made and fulfilled. Juniors look at everything as a challenge. They are out to make everything they are involved in the best.

# Seniors

**M**ost classes that attend H.H.S. abide by the old quote, "Good things happen to those who wait." In other words, they wait until their senior year to rule the school. Well, the class of '86 has proven to be an exception. Instead they believe, "If you want it, make it happen." So, being the strongest class is not something that sprung up traditionally in their last year of high school, the big change occurred when they became Juniors. During their junior year they got hold of the reins of the school and haven't let up since.

I know, you want to hear some facts. Well, there are plenty of them, beginning with their numerous homecoming victories. A big surge of school spirit and class unity was exemplified beginning last year during the homecoming festivities and especially in the float competition. The class of '86 pulled together and won first place in both the float and hall competitions, all this in only their junior year, definitely proving who had "M.O.R.E." school spirit. But the real question was, was this just a lucky fluke, or did the 86'ers really have some definite talent?

Later on in the year the first annual B.I.O.N.I.C.S. were held. And once again the 86'ers saw the chance to become champions and seized the opportunity by defeating all the other classes in the many competitions to become the overall winners.

After accomplishing all this in only their jr. year, the question now was, could they continue to be united and remain leadership models for the rest of the school or would they acquire a chronic case of "senioritis" and blow it all off?

Well, even though "senioritis" has become an epidemic, the true 86'ers were not about to let that stop them. This year when the most spirited homecoming week in years was celebrated at HHS, who do you think was there to lead the way?

Yes, the senior class. Not only did more seniors dress up and participate in the festivities than the other classes, but at the pep rally prior to the game, it was almost as if the other classes didn't exist. This was their last year and they were going to do it up right. The seniors won awards for having the most colorful class, and (of course) the most school spirit.

Immediately following the pep rally, the homecoming parade was scheduled and even under stormy skies the seniors succeeded in riding their first place float across town.

The class of "86" also won the yearbook competition and subsequently won a color page in this year's book.

Perhaps a reason for the great successes of this year's senior class derives from the fact that they were the first class to go through the School Improvement Program, and to have the aid of the Student Leadership Club for four years.

**T**he 1985 fall semester started off on track with Ms. Ennis and her assistants, Mr. White and Mr. Arnold. Ms. Ennis received a letter in September offering her a job as director of high schools in Oklahoma City, Oklahoma. She put in 8 years at H.H.S., five of those years as

assistant principal under Dr. Feuerbach, the last 3 years as principal. During her principalship she did her best to improve H.H.S. both socially and academically.

Mr. White was acting as principal for several weeks until he was officially appointed as

principal.

After one and a half years at H.H.S., Mr. Arnold resigned, to take a position in Solon, Ohio. A new assistant principal was needed. Mr. Molnar, a former assistant principal from Morton and a Downtown Administrator was temporarily appointed.

# Winter

**W**e all know that the winter season has officially begun when we hear the old "Don't throw snowballs on the school grounds," lecture. Of course, we also know this doesn't do much good, because the sight of students bombarding one another with freshly sculptured balls of snow is a common occurrence. Even the threat of

suspension does little to deter the thrill of watching a snowball splatter all over your best friend's face.

The cold winter wind at H.H.S. also blows in many things. It brings in boys' and girls' basketball games, swimming meets, and wrestling matches to cheer at; winter drama plays to attend and of

course, our annual Winter Formal Dance to enjoy.

So even though our days become shorter and colder, and our trees lose some of their color, the winter season gives us all a chance to study, to relax, to socialize and time to dream about the summer.

Varsity wrestler, Eric Mudd, struggles to overcome his opponent from Clark.

# Win some, lose some

**I**t was a difficult season for the Freshman basketball team, whose players have had a pretty rough year. Now, that the season is over the fans and players are sitting back and releasing a sigh of relief. The season seemed to start off on the wrong foot, but as the season progressed the players gained the right footing and picked themselves up. Unfortunately it was too late in the season to redeem the young Wildcats. Of the final six games of the season, the freshmen were victorious in five of them. With a total of sixteen games, they went over 500 with a total of nine wins.

The team started out small and got even smaller. The team started out with thirteen players and shortly after that three people quit, leaving only ten players to close the season. The team's coach was Coach Hobbs who is also a teacher at Eggers School. The most memorable game the freshmen had was against Clark, in which they closed the season in style with an outstanding victory.

Looking at the situation down the field, Rodney Dennis throws the ball in bounds as the referee signals.

While planning his move, David Hall watches the other team members.

# JV scores big

Kaiser Body makes a shot as Torrence Shaw keeps an eye on the Roosevelt team.

The Junior Varsity Basketball team enjoyed a full year. This year's team went all out to do their best and it worked. J.V. players practiced every day. Mr. Green got the players moving during practice and they didn't stop until after games. The players worked well together as a team and the final results reflect this. The J.V. team played 18 games this season. Their team work paid off with 13 wins and only 4 losses.

The J.V. team started the season with 15 players. Through the course of the season they lost some players. The loss was made up by freshmen who were promoted. The team finished the season with 15 players.

Their best game was considered to be their game against East Chicago Roosevelt during the tournament. Their worst game was also against East Chicago Roosevelt during the regular season.

Even though there was a lack of enthusiasm and spectators at J.V. games, Mr. Green and the team members enjoyed this year very much.

**T**his has been the best season for the Hammond High Basketball team since the 1978-1979 Basketball season.

The team went on a winning streak leaving no survivors from Lake Station by winning the Southmont Classic (6-0).

Even though the team made a turn-around; a win against Clark put them back on the right track.

"We're an unselfish team and thrive on the team play. No one is out for individual glory." Coach Harwell said.

The team lost a heartbreaker against Gavit in sectional play, 53-50.

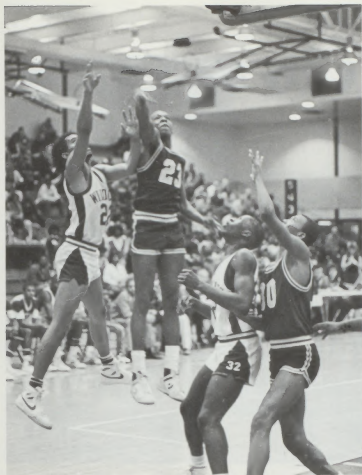

Senior guard, Corey Williams, said that he is going to miss playing basketball here at H.H.S. His advice to underclassmen on the team is to work hard and play as a team. We are very proud of our team.

# Cats fight to the end

**S**even seniors from last years sectional and conference championship team returned for the 1985-86 season. Hammond High was a favored team to take it all this year; every team was out to beat the Cats.

They started out the season 2-0 and then the team was halted. Their coach, Kathy Witt who led them to their previous wins, suddenly had to resign for the season. Junior Varsity Coach Art Thompson, who had to coach both teams until a new Junior Varsity coach was found, couldn't devote himself to the Varsity team. The team's record slipped to 3-5.

Going into sectionals the girls had a record of 7-7. The senior players arrived in class, driving up in a limousine to play Morton. Before Morton knew what hit them, the Lady Cats were victorious 58-26. The girls then advanced and beat Noll with ease. Next they played Clark which was a different story. Clark took the lead after four minutes into the game and never looked back. Hammond High's hopes were halted. The game ended 51-45 in favor of Clark.

# Grapplers

## hit the mat

**T**he Grapplers had a lot to smile about this year. They finished the 85-86 season with an 11 and 4 record.

The conference championship was our victory, the conference champs were Robb Pettit, Larry Follrad, Shawn Long, and Bo Logan. Coming back and beating Morton in the conference tournament (after losing to them in a close dual meet) was our young wrestlers biggest accomplishment.

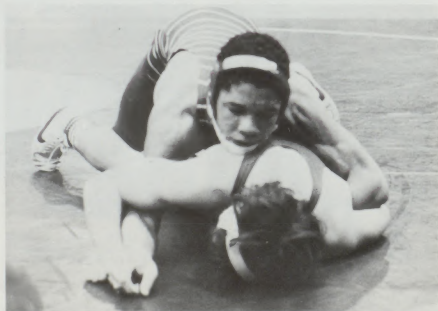

In sectionals, H.H.S. finished in second place. The winners of this meeting were Larry Follrad and Bo Logan.

Overall the team was very young, with most of the team consisting of sophomores. Twelve of thirteen wrestlers are returning next year with the loss of Senior, Darrin Earl, who was voted the most valuable player. The wrestling team is looking forward to next year and another successful season.

# A new breed forms at HHS

**H**ammond High swim team lacked a major element in the beginning of the season this year. A coach! Near the end of October the team was blessed with the coaching ability of Mr. McIntyre. Because of the late start, the team practiced hard before and after school. The Catfish, just breaking 500 with the record of 5-5, defeated such schools as E. C. Roosevelt and Westside. Also, the Cats almost stole a victory from Bishop Noll losing only by three points.

James Iles, captain, lead the boys to a fantastic sectional meet coming in fourth place at Munster High on February 22, 1986. Many positive things came out of the 1986 season including the excellent performance of the divers. Next year, Hammond High will be able to see the first girls swim team lead by Michelle Gadjik and Sahra Smith, and we all hope to see an outstanding season.

# A night in Heaven

As the snow glistened and bounced gracefully off the automobiles and limousines turning into the Broadmoor Country Club, there was an excitement built into the air. Tonight was the night (February 22, to be exact) that we all had been waiting for, tonight would be the 1986 Winter Formal Dance.

As couples slowly began arriving, pictured by Lavasko Studios (and many less professional photographers) were snapped and the compliments encompassed the room.

Around seven in the evening, the very flavourful entree was served as students socialized and rested up for a big night of dancing.

The D.J., Tim Evans, began the dancing when he successfully got all the couples out on the dance floor when he played the theme song, "Heaven," by Bryan Adams. From then on, practically everyone danced the night away with music from the 50s, 60s, 70s, and 80s. Even our own principal, Mr. White, could be seen "boogieing down" with the students.

As the clock neared midnight and the music slowed down a bit, many seniors realized that their last Winter Formal Dance would soon be coming to a close, and a tear or two could be seen.

Even though the music is now officially over and everyone has recuperated from the long evening, the memories of their night in "Heaven" will never be forgotten.

Being the gentleman that he is, Darrin Earl pays for his date's (Clarissa Barkey) expenses for the night.

Awaiting the tantalizing dinner, Winter Formal dates converse about plans for the evening.

A group of gentlemen escape from their dates to loosen their ties at the punch bowl.

Freshmen, Dawn Iles, and date John Meissler begin the evening by joking it up.

Just because Bonnie Kizman's flowers were so small, she snatch's other corsages in the ladies room.

# The Horizon

**J**ust when you thought you'd be stuck in second hour forever, an assembly is announced. But as you are turning the corner to go to the auditorium, "Joe Teacher" taps you on the shoulder and points to the gym.

"The gym?" you ask. "What is this, a post-season pep rally?"

As you enter the gym you notice an obvious band set-up in the middle of the floor and several military personnel — then it hits you, it's the Air Force Band!

A serviceman takes the mike and introduces his band as "The Horizon." They were from Chamete AF Base in Rantoul, Illinois. Their job in the Air Force is to tour the midwest playing at various high schools.

The whole purpose of this activity is not to recruit new members; it is strictly for entertainment.

So for about an hour, all of us had the opportunity to be entertained by the music of the Horizon. The group played many pop tunes such as "Sara," and "No Way Out" by Starship.

Several girls were able to have their inner fantasies fulfilled when the attractive air force member went into the audience and sang to them.

Miss Warner flashes a quick half-smile as she listens to the Air Force singer.

# "New Horizons"

**S**aluting the past while welcoming the future was what this year's Black History Celebration was all about. The celebration touched upon the achievements and contributions of Black History heavyweights such as Martin Luther King and Shirley Chisolm, and embraced the efforts of those who played a less evident, but significant role in Black History.

The magic of the event was found in its inclusion of the "new horizons" of Black History makers such as Marva Collins and Nikki Giovanni.

If that's not enough, the celebration under the direction and leadership of Mr. Michael Harris, the theme — A Historical Testimony — was able to capture and highlight the various talents of our student body.

The audience was endowed with special appearances and remarks by affluent people such as Jesse Jackson (Gregory McDaniels), Shirley Chisolm (Clarissa Barkey), and Mahalia Jackson (Ollie Smith).

Finally, when all was said and done, students walked around all day thinking what they were afraid to say — "Maybe someday that could be me, the person spoken of in a historical testimony."

Choir singers sing back-up at the Black History Program.

April Norwood tells the student body "You Better Think" as she portrays Aretha Franklin.

# Who are they

**T**his winter the Drama Club decided to put on three one — act plays instead of one full — length play. This was decided in order to give more students the opportunity to both act and direct in plays.

After months of rehearsal, opening night finally arrived on Tuesday, March 25, 1986. It continued to run successfully through Thursday of that same week.

"I know all about music, I saw The Sound of Music." That's just one of the many humorous lines in the play "Roomers." This play was directed by student director April Norwood.

This play's plot was centered around the strange people who lived in an old apartment building.

The next play "Who Am I This Time" was also a comedy about a community drama club and the club members. The main story line centered around the characters of Harry Nash and Helene Shaw who only seemed to come alive when they performed on stage.

The last play "Seems Like Old Times" only consisted of a cast of six women paying their last respects to an old classmate. Throughout the play they find new friendship within themselves.

# Pep Band

**T**he Pep Band consists of approximately twenty-two H.H.S. students who play modern music and use the latest in instruments, such as a keyboard digital synthesizer.

Students don't have to be members of the school band to be eligible for the Pep Band. The members are chosen by invitation only. Mr. Bialon selects the members.

The band performs at basketball games and pep assemblies. Practices are usually held a few nights before a performance. Members receive a letter if they participate in the Pep Band throughout the school year. The sponsor is Mr. Bialon.

# This is life?

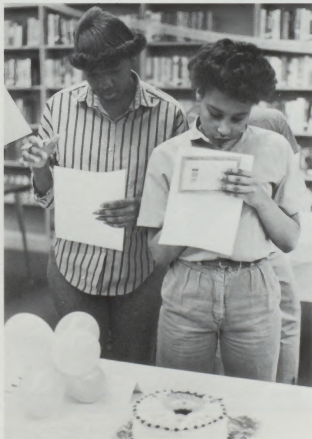

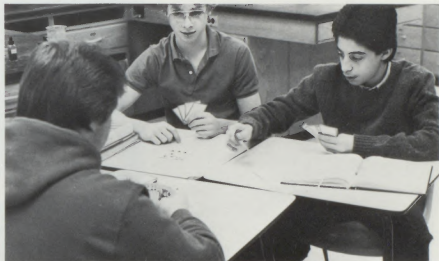

**T**he school doors opened; the 85-86 year began.

Most Students approached H.H.S. with a dull, boring outlook. Others didn't even come to try it. To those students who entered with high spirits and big dreams, good for you!

The students who wanted to have fun, did. They get involved with S.L.I.P., sports, and academics. But the students' life just doesn't revolve around school; they get involved in jobs and outside activities.

One thing that keeps school going is school spirit. If a school doesn't have spirit doesn't have a life, and a school isn't a school with the life of students.

# Spring

The world seems to become a different place; the trees begin to bloom, and the birds return. What could possibly bring these changes? Of course the arrival of Spring. Students seem to become more lively when this certain time of

the year comes around. Involvement in activities seems to go up, while the grade point averages seem to go down. For most "Spring Fever" takes control, and nothing else in the world matters but how high the temperature will get and who

will have the darkest tan. Although Spring goes on, we all adapt to the changes and resume our studying, boost the grades back up and then patiently await the end of another school year.

# Hey, we

**A**s everyone knows, this year's yearbook (*As Time Goes By*) was brought to you by the 1985-86 DUNES Staff. Eighteen members, old and new, hunted for new, exciting, and unique stories and pictures to include in the yearbook. The crew also organized the first human slide show. Members searched for their unknown "talents" and displayed them on stage in the auditorium. Members worked very hard to raise money by selling ads: This brings down the cost of the yearbook for students. It seems that most boys are apathetic about working on the yearbook, considering the staff consists of eighteen females. There have been rumors (probably started by their infamous advisor and his colleagues) that this bunch of girls is crazy, but of course, hard-working. They have also been known to make up silly conduct rules such as only being able to move around the room with your feet together and sliding. Even with their strange antics and personalities these workers get the job done!

# Believe It Or Not I Care 2

Once again the second six weeks period of the second semester was set aside to increase pride and student morale at Hammond High School. This six weeks period is commonly known as the B.I.O.N.I.C. Olympiad (Believe It Or Not I Care).

The Olympiad is a competitive period in which each grade level (9-12) is encouraged to unite and excel in the following areas: Academics — 800 points, Discipline — 100 points, Participation — 100 points, and Athletics — 100 points. Each category was given a specific point value with Academics, measured by G.P.A., being the most significant. Only the class with the highest increase in their G.P.A. would receive the 800 points, all other increases thereafter would receive points of a lesser increment. Discipline and participation were measured by percentages so that a grade level with more students would not have an advantage over any other grade level. Athletics were measured by wins and losses in the various athletic events.

At the end of the six weeks the grade level with the highest point total was declared the Olympiad winner. The reward to the class was an unre-

cedented — day off!

The Olympiad commenced with a "hit" pep assembly and a perfect catalyst to generate enthusiasm — The Peanut Butter Relay. Climaxing the Olympiad was a very successful Olympiad fun fair, Fun Times at Hammond High. Various other events highlighted the Olympiad such as TV games shows (Hot Streak, All New Newlywed Game, and Body Language), a volleyball tournament, a basketball tournament, and a student faculty volleyball game.

Overall the Olympiad was a smash, but who won? Well, last year the class of '86 won as juniors; everyone was determined not to let them do it again. The scores were very close, and the determining factor was the class that increased their G.P.A. the most. So who won? O.K. O.K. S-E-N-I-O-R-I-T-Y prevailed, of course. The 1986 B.I.O.N.I.C. Olympiad winners were the class of 1986 — The SENIORS, who else? As always the seniors go out in style — WINNERS.

Gliding down the stairway, Terrill Burks races to his teammate during the Peanut Butter Relay.

During the talent show, Vicki Smith and Erma Warner sing "Secret Lover" to Terrence Shaw.

# Wildcats run for the gold

This year's Boy's track team started off well, and kept going strong. Their overall outdoor track record was 9-0 and they won their conference. Many of the team members thought they could have done better, but H.H.S. was pleased with their performance.

The girl's track team however, did not do as well as possible. Their season began with twenty-nine girls and ended with six. Coach Jackson said, "This was due to the length of the indoor season and the basic attitude of the girls towards practice format." Iris Melendez was the lone conference champion in the 400 meter dash. Being the only one to qualify for the sectionals, Iris placed sixth in the 400 meter dash and the discus. Other trackettes who qualified for the conference tournament were: Felicia Harbin, Laura Powell, Carmen Marciano, Veronica Young and Marva Snorton. The girls track team had an overall record of 1-9. Better luck next year!

# Let's tee off

It was the second year the golf team has been in existence here at Hammond High. The team started out with eight members, and toward the middle of the season it dropped down to four people. This team has improved since last year's team which had a low score of 462, compared to this year's low of 408. The team has had a 50% overall improvement. The golf team was coached by Hammond High's English and French teacher, Jack Schlesinger.

The team had four wins and eleven losses. They came in fourth place in conference, and lost in sectionals. Coach Schlesinger had to work with a young team this year, but only to have it improve for the upcoming years.

The girl's tennis team had one of its better seasons this year. As it had been in the past, Coach Kitchell let all those who wanted to play, play. At the beginning of the year there were at least twenty girls on the team, but the roster came down to ten regular players. This was Coach Kitchell's third year as coach. All of the varsity spots were taken by mid-season, except third singles. Playing at first singles, Senior, Barbara March; second singles, Junior, Cara Ostrovsky; third singles was either, Junior, Donna Phillips or Julie Jackson; first doubles belonged to, Senior, Nancy Pena and, Sophomore, Sara Smith and at second doubles were, Senior, Nora Cardenas and, Junior, Tracy Price.

The team showed great improvement during the season with three wins and five losses. Even though tennis is a sport of individuals, the girls played as a team.

In the Indiana Lake Shore Conference the team placed an overall third. In Sectional play the team did not fare as well, with a loss to Munster of 5-0.

# Wildcats travel a rocky road

**H**ammond High's baseball squad is the youngest in the conference with only three senior veterans. The team was talented, but it was also inexperienced. This alone can explain the rocky start and slow progress throughout the year. They did have a few key wins during their rebuilding year against Gavit and T. F. North. Bad luck played a major role in an already gloomy season when the team lost most of their games in the bottom of the seventh innings.

Richard Spisak, one of the returning senior players, pitched well in the season and proved a valuable asset to the team. Sectional play started with a win over Whiting by the score of 4-3. The second game of sectionals was against Bishop Noll. The Wildcats played with only eight players, due to an illness on the team. The Cats lost by a score of 6-0.

The J.V. had a .500 season of 3-3 by winning games against Highland, Munster, and Morton.

# Swinging cats reach .500

The softball season started off slowly with a combination of rain and cold delays and losses. The team had the individual talent and experience but they couldn't put it all together at first. The infield consisted of four seniors: Debbie Chance, Kim Haney, Bonnie Kizman, and Isabel Villareal.

Once the team hit mid-season everything turned for the best. The Lady Cats won five games in a row and ended the season with a 7-7 conference record. The team hadn't had a record that good in three years.

The Lady Cats drew Whiting in their first game of the sectional. Both teams played tough defense but Whiting pulled ahead in the sixth inning and won the game 3-0.

# Cats work together

The 1985-86 season was very successful for Hammond High's soccer team. The team worked hard and as a complete team. Their teamwork improved as they gained more experience by working together. The team's hard work paid off, but not as much as they liked. During the season, they managed to acquire eight wins and lost a total of six games. They also tied in a battle against Whiting. To top off the season, they came in second in conference. Their best game was a 3-0 win over Clark on April 24, at Clark. Many team members were honored for their excellence during the year. Eric Summers was named the Most Valuable Player and Most Improved went to Jeff Klassen. He has shown a lot of team spirit and excitement this season. Darrin Earl was named Best Offensive Player, while Jim Nondorf was named Best Defensive Player. After years of team devotion all of these players are deserving of the honors given to them.

# Seniors take a walk

The Administrators rise for the closing of the ceremony.

Junior Class President, Alfred Weems III, receives the Temulac from graduating Senior President, Portia Fultz.

**7**his year's Honors Day Ceremony for the 100th graduating senior class of H.H.S. was a complete success.

The ceremony was opened by Mr. Molnar. Mrs. Urick first called the members of The National Honor Society up individually to receive a carnation for their superb efforts.

During the course of the ceremony there were many awards and scholarships given to the top students in the class. Leading the class were Marla Stanish, Jim Nondorf and Melisa Hill. These three seniors were given special recognition for their excellent work. Those students who excelled in sports were also recognized.

The Seniors wait impatiently for Honors Day to begin.

Senior, David Miller, receives the "I Dare You" award from Principal, Mr. White.

Kim Haney, Senior, receives the "Outstanding Senior Athlete" award from Athletic Director, Mr. George.

## If for only one night

**W**icker Park Social Center was the setting for the junior-senior prom. On May 23, 1986, the weather was beautiful and so was the event. One hundred couples flooded the hall to attend the best prom H.H.S. has had in years. The food was impressive and the D.J. (Trans-Audio) played everyone's favorite songs. Finally, the moment arrived when the king and queen were to be announced. Tom Young and Lisa Salyer were crowned and led the first slow dance. The picture line was short this year, and more time was spent dancing. The evening ended with hugs and kisses. May 23, 1986 was a spectacular evening.

Queen, Lisa Salyer, and King, Tom Young, share a royal dance.

Junior, John Fancher, helps set up before prom.

Mr. and Mrs. Urick relive past prom memories.

Proving prom isn't just a senior affair, Mike Rosenband, Julie Jackson, and Eric Summers attend the 1986 prom.

# 100th class graduates

*A*s parents, relatives, and friends watched, the class of 1986 received their diplomas on Sunday, June 8. The class marched into the gymnasium, and was met with the heat from the enclosed room and the sounds of the band playing the traditional "Pomp and Circumstance."

The one hundredth graduating class from Hammond High was led by class valedictorian, Marla Stanish, and class salutatorians, Melisa Hill and James Nondorf. After the valedictorian and salutatorian addresses, the graduates were called up one-by-one to receive their diplomas from School Board Member, Kathleen Hill.

After the ceremony ended, the new graduates marched through the doors of Hammond High, headed for a new beginning.

During the grand march into the gym, Debbie Chance, Ed Derrington and Tricia Demumburn prepare to become Hammond High alumni.

While Mr. Cowthran gives the benediction, the class of 1986 bows their heads in prayer, waiting for the moment they will receive their diplomas.

While reminiscing over the past four years, Valedictorian Marla Stanish gives her valedictory address.

While giving her last speech at Hammond High, Co-Salutatorian Melisa Hill gives her co-salutatory address.

While giving his co-salutatory address, Jim Nondorf remembers the teachers and how they made him excel.

While Fred Beard is congratulated by schoolboard member Nikki Foster, Erin Beck receives her hard earned diploma.

# Our Community

One of the most important and time consuming tasks of a yearbook member is selling advertisements. There are two major reasons why advertisements are a very important facet in a yearbook. First of all, they literally finance the book.

The second reason for publishing advertisements in our yearbook is to put possible consumers in touch with businesses that they might need and where they are located.

To obtain an advertisement, a staff member must call or drop

in at the business with a contract and have the patron sign and pay for it.

The Dunes Staff would like to thank all of this year's patrons because without them our yearbook would not be possible.

Isn't it a coincidence that Hammond City Hall is right across the street from Hammond High?

Depicting one of Hammond's traditions, the train sits across the street from the Civic Center as a reminder of the past.

## Editor's Note

Finished! That is the greatest word in the English language. Completing the 1986 yearbook has become a reality and an outstanding accomplishment. Neither of these feats were because of me, but the credit goes to my wonderful, hard-working staff. I just checked, signed, sealed, and delivered the pages; they took the time and the effort to create a memory for fellow students. I give them credit for not killing me when I yelled and screamed at them for not meeting their

deadlines. They worked hard selling ads to finance the book, and they set a new record of sales at H.H.S. I have to thank all my staffers in this note, because I don't want to lose my rough and tough editor image. So, thanks; I couldn't have done it without you. It may not seem like it at times, but I really appreciate and love you guys. And Schneider, our advisor, we can't thank him enough.

*A Tribute To  
100 Years  
of  
Pride and Excellence*

*Scholarship  
Leadership  
Character*

100  
Years ago,  
when the members of the  
first graduating class of Hammond High  
stepped forward to receive their diplomas, a legacy  
was born — one of pride and excellent achievement! Our  
class, the 100th graduating class of Hammond High, has proudly  
and whole-heartedly accepted that legacy in the spirit in which it was  
set forth. We are leaving Hammond High School "better and bigger  
than it was before." Our hope is that this spirit of pride  
and excellence will never diminish, but will continue  
to serve as a beacon of inspiration to all  
who tread the hallowed halls of  
"Dear old H.H.S."
